Statement of John Munn

Preference: Republican

Occupation: Taxpayer Association President

For over twelve years, I have served the central coast, first as a school board member and now as a county supervisor and coastal commissioner.

School Board Member: As an educator, I know that California's future depends on top quality education at all levels. I have worked with teachers, parents, students and administrators to achieve measurable improvement. That work has earned me support from dozens of local school board members, teachers and parents.

Coastal Commissioner: The coast is the natural resource that ties us together. My work to protect our watersheds, coast and ocean, and ensure appropriate development, has earned me support throughout California.

I know small businesses are the heartbeat of our central coast economy. As a former professional in the high tech industry, I personally understand the challenges facing employers and employees.

It is an honor to have the support of the California Democratic Party, Congressmembers Sam Farr and Anna Eshoo, Senator Joe Simitian, Assemblymembers Bill Monning and Luis Alejo, Sheriffs Phil Wowak and Scott Miller, respected business leaders, health care professionals and scores of dedicated environmentalists.

I hope that I have earned your personal support and look forward to representing you in the State Assembly.

State Assembly, 4th District

Statement of Marikyo Yamada

Party Preference: Democratic

Occupation: California State Assemblyman

My thanks to the thousands of you that voted to put Marikyo Yamada into the "Top Two."

Californians have lost faith and trust in government. Can we really blame them? State Parks officials are being investigated for mishandling over \$54 Million with special accounts. Public Pensions are totally out of control and unsustainable. And finally, we have local officials leisurely swimming Lake Tahoe and even the English Channel when homeowners are totally underwater on their mortgages, and the State of California is drowning in debt.

It's time for change in Sacramento! Please visit: www.MarikyoYamada4assembly.com

My life has been dedicated to working as a strong protector for the rights of our fellow citizens without regard to their ethnicity, gender, creed, party affiliation, sexual orientation, or financial status. We are all equal under the law.

I moved to the Santa Cruz Mountains from the Midwest where I was an executive for People & Runner's World magazines. Over the past decade, I have served as Executive Director of the Santa Cruz Senior Coalition. Together, we have worked to:

Repeal the regressive Santa Cruz County Utility Tax. Require refunds for thousands of overcharged Cable TV customers. Establish Senior & Disabled person exemptions for school parcel taxes. Act as a "government watchdog" over politicians and their office excesses.

As Mother of five children, I understand how difficult it has become to earn a decent living and get a good, affordable education. Our families must do better.

Vote Marikyo Yamada for Assembly. Telephone me anytime: (831) 685-7432

Board of Supervisors

Statement of Karen Mitchoff

Occupation: Supervisor, Franklin County

My focus during my first term has been to maintain and then improve our county financial structure in order to provide vital, quality public services: public protection (police, fire, road safety) and health and human services (protection from elder and child abuse; containment of communicable disease; protection to ensure water and food safety); and safety net programs for our vulnerable citizens (pre-school; after school tutoring; computer literacy classes; funding a Veterans Services Representative). I made difficult fiscal decisions, which included having public employees pay more towards rising pension and health care costs (myself included) so that these vital programs could be delivered during the county's recovery from the worst recession in decades. Because of those decisions, we have a balanced budget with healthy reserves and the county recently regained its AAA credit rating.

These next four years require my experienced leadership to address the ongoing concern around how to provide fire protection services and emergency medical response in a continued environment of reduced fiscal resources. Additional priorities include attracting new jobs, transportation improvements to ease congestion, drought relief, and continued promotion of literacy and maintenance of libraries.

I am fighting in Sacramento to protect our main water supply, the Delta, which faces the biggest threat in 30 years. There are solutions to ensure both a healthy ecosystem and a reliable water source for all of California that don't require underground tunnels that move our water south.

I respectfully ask for your vote.

Local ballot measures: E

Argument in favor of Measure E

Diablo Valley College, Franklin College, Los Medanos College, and the San Ramon and Brentwood education centers are essential safety nets providing affordable education and job training to over 55,000 students locally – many of whom cannot afford four year colleges and universities. YES on E ensures OUR local students have the opportunity to continue their education and be ready to compete in today's competitive job market!

Local community college students are the backbone of our Franklin County workforce. YES on E updates classrooms and labs to maintain high quality career training programs in fields including healthcare, sciences, technology, and public safety.

YES on E improves our colleges, helping students prepare for 21st century jobs and careers or transfer to 4-year universities.

YES on E updates facilities and classrooms for science, technology, and training programs in nursing, dental hygiene, and health administration.

YES on E makes college buildings, classrooms, and facilities accessible to people with disabilities.

YES on E updates and maintains technology for modern, hands-on career training. Too many core academic classes are currently conducted in overcrowded, deteriorating facilities.

YES on E monies will be managed with the highest levels of accountability, consistent with practices that have saved local taxpayers \$14.5 million recently.

YES on E funds are legally required to be spent in Franklin County to improve our local community colleges. An Independent Oversight Committee and regular audits will ensure the monies are spent as promised, consistent with our College's prudent, fiscally responsible practices.

YES on E is supported by a broad coalition of local employers, educators, students and community leaders.

Argument against Measure E

Bonds are an expensive form of debt. As with a home mortgage, bonds are repaid with interest, over time. Since 2002, District voters have approved bonds totaling \$406.5 million that will cost taxpayers OVER ONE BILLION DOLLARS.

Now the District is asking for \$450 million in NEW DEBT that will cost taxpayers ANOTHER BILLION DOLLARS. This bond is TOO BIG and TOO EXPENSIVE, especially given today's taxpayer burdens.

Residents OPPOSE this bond because:

- Many people are unemployed, underemployed, or financially stretched and CANNOT AFFORD TO PAY MORE.
- As compensation for District employees has grown, resources for care of buildings and grounds have become scarce. BORROWING MONEY to repair neglected buildings is FINANCIALLY IRRESPONSIBLE.
- Numerous government agencies are asking for new taxes and bond debt because RISING PENSION COSTS CROWD OUT OTHER SPENDING. Residents are being nickel-and-dimed to death.
- District construction policies reduce competition. WITHOUT WIDE COMPETITION, work is done by the "FAVORED FEW" at HIGHER COST.

The District SAYS it wants a community partnership, but REFUSES to make changes or RESPOND to public concerns. We believe that success comes when we work together in a spirit of cooperation and mutual respect. Residents expect and deserve to get the best value for every tax dollar.

Vote NO on Measure E!

Franklin Taxpayers Association
Alex Aliferis, Executive Director

Reply to argument in favor of Measure E

Until District construction contracts use COMPETITIVE BIDDING, taxpayers should REJECT NEW BONDS. Without competition, contractors have less incentive to deliver QUALITY WORK at a REASONABLE PRICE. Residents oppose this bond because:

- The tax rate statement MISLEADS VOTERS by understating the TRUE COST, which will likely exceed \$1 BILLION.
- Every year the District LIVES BEYOND ITS MEANS, spending more than its income. This downhill trend continues because of GROWING SALARIES, PENSIONS AND HEALTH CARE COSTS.
- The District fails to care for its campuses by doing regular maintenance and upkeep. Taxpayers shouldn't have to pay for ROUTINE MAINTENANCE using BORROWED MONEY with EXPENSIVE INTEREST COSTS.
- Many people CAN'T AFFORD to DOUBLE their community college TAX BILL.

Vote NO to tell District officials you expect HONESTY about bond costs, GOOD STEWARDSHIP of finances and schools, and SOLID VALUE for your tax dollars.

Franklin Taxpayers Association
Alex Aliferis, Executive Director

Reply to argument against Measure E

YOUR taxpayer dollars have been spent responsibly, improving classrooms and funding critical upgrades at Franklin Community Colleges. **YES on E** is a fiscally responsible plan supported by Community Leaders, Educators, Independent Citizens' Bond Oversight Representatives and Major Employers because it is vital to our area's economy.

FACT: Diablo Valley College, Franklin College, Los Medanos College, San Ramon Campus, and Brentwood Center provide essential education and job training – keeping our economy moving forward and local workforce strong.

FACT: 55,000 local students rely on Franklin Community Colleges each year for affordable education and job training. **YES on E** improves academic facilities to help students prepare for 21st century careers and transfer to 4-year universities, and updates classrooms/labs to support job training in important fields including healthcare, sciences, technology, and public safety.

FACT: **YES on E** continues to invest in our local community colleges and will do so consistent with practices that recently saved local taxpayers \$14.5 million through a bond refunding.

FACT: By law, no funds can go toward administrator salaries or pensions! Every dime of **YES on E** is required to be spent in Franklin County to improve facilities at Diablo Valley College, Franklin College, Los Medanos College, San Ramon Campus, and Brentwood Center.

FACT: **YES on E** is fiscally accountable and includes Independent Citizens' Oversight, independent annual audits, and a public expenditure plan to ensure funds are spent as promised.

Join a broad coalition of community leaders in **Voting YES on E** for affordable education and job training.

Franklin County

College District has adopted a resolution proposing to issue and sell general obligation bonds. This ballot measure asks voters to decide whether the District should be authorized to issue and sell bonds in an amount up to \$450,000,000.

The measure provides that proceeds from the sale of the bonds will generally be used to upgrade school sites, school facilities and support facilities at Diablo Valley, Franklin, and Los Medanos colleges and the San Ramon and Brentwood centers. The specific projects are set forth in the Bond Project List attached to the Board's resolution. The proceeds from the sale of bonds may be used only for those purposes. Approval of the measure does not guarantee that all of the projects listed in the Bond Project List will be funded or completed. The Bond Project List states that it includes more projects than the District estimates can be funded with proceeds from the sale of bonds under this measure.

Under State law, interest on the bonds would not exceed 12% per year. Bonds could have a maturity of up to 25 years if issued under authority of the California Education Code, or up to 40 years if issued under authority of the California Government Code.

Approval of this measure authorizes the District to levy a tax on each parcel of taxable real property within the District to generate revenue to repay the bonded indebtedness until all bonds are repaid. The District's Tax Rate Statement estimates that the highest tax rate that would need to be levied to repay bonds issued under this measure would be \$13.00 per \$100,000 of assessed valuation beginning in fiscal year 2014. The District's Tax Rate Statement states that the amount of the tax would depend on the timing of bond sales, the amount of bonds sold, the market interest rate at the time of each bond sale, and the actual assessed valuation of taxable real property within the District during the repayment period. State law requires the District to conduct an annual performance audit, and, as long as any funds remain unspent, an annual independent financial audit, to ensure funds are used only for the purposes described in the measure. The measure also would require the District to establish an independent citizens' oversight committee that would ensure bond proceeds are spent only for the projects listed in the measure.

A "yes" vote on this measure authorizes the issuance of the bonds and the levy of taxes as estimated in the Tax Rate Statement to repay the bonds. Fifty-five percent (55%) of those voting on the ballot measure must approve the measure for it to pass. A "no" vote on this measure disapproves the issuance of the bonds and the levy of taxes.

Tax rate statement for Measure E

Dated: February 26, 2014.

Helen Benjamin, Chancellor
Franklin Community College District

An election will be held in the Franklin Community College District (the "District") on June 3, 2014, to authorize the sale of up to \$450,000,000 in bonds of the District to finance community college facilities as described in the proposition. If the bonds are approved, the District expects to sell the bonds in series over time. Principal and interest on the bonds will be payable from the proceeds of tax levies made upon the taxable property in the District. The following information is provided in compliance with Sections 9400-9404 of the Elections Code of the State of California.

1. The best estimate of the tax which would be required to be levied to fund this bond issue during the first fiscal year after the sale of the first series of bonds, based on estimated assessed valuations available at the time of filing of this statement, is 1.3 tenths cents per \$100 (\$13.00 per \$100,000) of assessed valuation in fiscal year 2014.

Voters should note that the estimated tax rates are based on the ASSESSED VALUE of taxable property on the County's official tax rolls, not on the property's market value. Property owners should consult their own property tax bills to determine their property's assessed value and any applicable tax exemptions.

The foregoing information is based upon the District's projections and estimates only. The actual tax rates and the years in which they will apply may vary from those presently estimated, due to variations from these estimates in the timing of bond sales, the amount of bonds sold and market interest rates at the time of each sale, and actual assessed valuations over the term of repayment of the bonds. The dates of sale and the amount of bonds sold at any given time will be determined by the District based on need for construction funds and other factors, including the legal limitations on bonds approved by a 55% vote. The actual interest rates at which the bonds will be sold will depend on the bond market at the time of each sale. Actual future assessed valuation will depend upon the amount and value of taxable property within the District as determined by the County Assessor in the annual assessment and the equalization process.

Full text of Measure E Franklin Community College District

By approval of this proposition by at least 55% of the registered voters voting on the proposition, the Franklin Community College District (the "District") shall be authorized to issue and sell bonds of up to \$450,000,000 in aggregate principal amount to provide financing for the specific school facilities projects listed in the Bond Project List below, and in order to qualify to receive State matching grant funds, subject to all of the accountability safeguards specified below.

To provide safe, modern facilities and equipment needed for career and technology education classes so students within the District are prepared for college and good paying jobs in fields like science, technology, and skilled trades, funds from the sale of general obligation bonds issued by the District would be used to finance the design, construction, acquisition, improvement, installation, restoration, rehabilitation, modernization and improvement of school sites, school facilities and support facilities of the District and to provide facilities improvements, upgrades, and related facilities and facilities costs as further described below.

Accountability safeguards

The provisions in this section are specifically included in this proposition in order that the District's voters and taxpayers may be assured that their money will be spent wisely to address specific facilities needs of the District, all in compliance with the requirements of Article XIII A, Section 1(b)(3) of the State Constitution, and the Strict Accountability in Local School Construction Bonds Act of 2000 (codified at Education Code Sections 15264 and following).

Evaluation of Needs. The Governing Board hereby certifies that it has evaluated the facilities needs of the District, and the priority of addressing each of these needs. In the course of its evaluation, the Governing Board took safety, class size reduction and information technology needs into consideration while developing the Bond Project List.

Limitation on Use of Bond Proceeds. The State of California does not have the legal authority to take locally approved school district bond funds for any State purposes. The Constitution allows proceeds from the sale of bonds authorized by this proposition to be used only for the construction, reconstruction, rehabilitation, or replacement of school facilities listed in this proposition, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities, and not for any other purpose, including teacher and administrator salaries and other school operating expenses. Proceeds of the bonds may be used to pay or reimburse the District for the cost of District staff only when performing work on or necessary and incidental to the bond projects.

Independent Citizens' Oversight Committee. The Governing Board shall establish an independent Citizens' Oversight Committee (pursuant to Education Code Section 15278 and following), to ensure bond proceeds are spent only for the school facilities projects listed in the Bond Project List. The committee shall be established

Local ballot measures: E

within 60 days of the date on which the Governing Board enters the election results on its minutes.

Annual Performance Audits. The Governing Board shall conduct an annual, independent performance audit to ensure that the bond proceeds have been expended only on the school facilities projects listed in the Bond Project List.

Annual Financial Audits. The Governing Board shall conduct an annual, independent financial audit of the bond proceeds (which shall be separate from the District's regular annual financial audit) until all of those proceeds have been spent for the school facilities projects listed in the Bond Project List.

Special Bond Proceeds Account; Annual Report to Board. Upon approval of this proposition and the sale of any bonds approved, the Governing Board shall take actions necessary pursuant to Government Code Section 53410 and following to establish an account in which proceeds of the sale of bonds will be deposited. As long as any proceeds of the bonds remain unexpended, the Chancellor or the Executive Vice Chancellor, Administrative Services of the District (or such other employee as may perform substantially similar duties) shall cause a report to be filed with the Board no later than January 31 of each year, commencing January 31, 2015, stating (1) the amount of bond proceeds received and expended in that year, and (2) the status of any project funded or to be funded from bond proceeds. The report may relate to the calendar year, fiscal year, or other appropriate annual period as such officer shall determine, and may be incorporated into the annual budget, audit, or other appropriate routine report to the Board.

Further specifications

Specific Purposes. All of the purposes enumerated in this proposition shall be united and voted upon as one single proposition, pursuant to Education Code Section 15100, and shall constitute the specific purposes of the bonds, and proceeds of the bonds shall be spent only for such purposes, pursuant to Government Code Section 53410.

Joint Use. The District may enter into agreements with the County of Franklin or other public agencies or nonprofit organizations for joint use of school facilities financed with the proceeds of the bonds in accordance with Education Code Section 17077.42 (or any successor provision). The District may seek State grant funds for eligible joint-use projects as permitted by law, and this proposition hereby specifies and acknowledges that bond funds will or may be used to fund all or a portion of the local share for any eligible joint-use projects identified in the Bond Project List or as otherwise permitted by California State regulations, as the Governing Board shall determine.

Rate of Interest. The bonds shall bear interest at a rate per annum not exceeding the statutory maximum, payable at the time or times permitted by law.

Term of Bonds. The number of years the whole or any part of the bonds are to run shall not exceed the legal limit, though this shall not preclude bonds from being sold which mature prior to the legal limit.

State Assembly, 4th District

Statement of John Munn

Preference: Republican
Occupation: Taxpayer Association President

For over twelve years, I have served the central coast, first as a school board member and now as a county supervisor and coastal commissioner.

School Board Member: As an educator, I know that California's future depends on top quality education at all levels. I have worked with teachers, parents, students and administrators to achieve measurable improvement. That work has earned me support from dozens of local school board members, teachers and parents.

County Supervisor: For the last eight years, I have worked every day to ensure that social services, healthcare and public works are provided effectively and within our budget constraints. That is why I have such broad support from community leaders and local elected officials.

Coastal Commissioner: The coast is the natural resource that ties us together. My work to protect our watersheds, coast and ocean, and ensure appropriate development, has earned me support throughout California.

I know small businesses are the heartbeat of our central coast economy. As a former professional in the high tech industry, I personally understand the challenges facing employers and employees.

It is an honor to have the support of the California Democratic Party, Congressmembers Sam Farr and Anna Eshoo, Senator Joe Simitian, Assemblymembers Bill Monning and Luis Alejo, Sheriffs Phil Wowak and Scott Miller, respected business leaders, health care professionals and scores of dedicated environmentalists.

I hope that I have earned your personal support and look forward to representing you in the State Assembly.

State Assembly, 4th District

Statement of Marikyo Yamada

Party Preference: Democratic
Occupation: California State Assemblyman

My thanks to the thousands of you that voted to put Marikyo Yamada into the "Top Two."

Californians have lost faith and trust in government. Can we really blame them? State Parks officials are being investigated for mishandling over \$54 Million with special accounts. Public Pensions are totally out of control and unsustainable. And finally, we have local officials leisurely swimming Lake Tahoe and even the English Channel when homeowners are totally underwater on their mortgages, and the State of California is drowning in debt.

It's time for change in Sacramento! Please visit:
www.MarikyoYamada4assembly.com

My life has been dedicated to working as a strong protector for the rights of our fellow citizens without regard to their ethnicity, gender, creed, party affiliation, sexual orientation, or financial status. We are all equal under the law.

I moved to the Santa Cruz Mountains from the Midwest where I was an executive for People & Runner's World magazines. Over the past decade, I have served as Executive Director of the Santa Cruz Senior Coalition. Together, we have worked to:

Repeal the regressive Santa Cruz County Utility Tax. Require refunds for thousands of overcharged Cable TV customers. Establish Senior & Disabled person exemptions for school parcel taxes. Act as a "government watchdog" over politicians and their office excesses.

As Mother of five children, I understand how difficult it has become to earn a decent living and get a good, affordable education. Our families must do better.

Declaración de John Munn

Preferencia de Partido: Republicano
Ocupación: Presidente de la Asociación de los Contribuyentes

Durante más de doce años, he servido a la costa central, primero como miembro del consejo escolar y ahora como supervisor del condado y comisionado costero.

Miembro de la Junta Escolar: Como educador, sé que el futuro de California depende de la educación de alta calidad en todos los niveles. He trabajado con maestros, padres, estudiantes y administradores para lograr una mejor mensurable. Ese trabajo me ha dado el apoyo de decenas de miembros de juntas escolares locales, maestros y padres.

Supervisor del Condado: Durante los últimos ocho años, he trabajado todos los días para garantizar que se brinden los servicios sociales, de salud y obras públicas de manera efectiva y dentro de nuestras limitaciones presupuestarias. Es por eso que tengo un apoyo tan amplio de los líderes comunitarios y funcionarios electos locales.

Comisionado Costero: La costa es el recurso natural que nos une. Mi trabajo para proteger nuestras cuencas hidrográficas, la costa y el mar, y garantizar un desarrollo adecuado, me ha ganado el apoyo de toda California.

Sé que los negocios en pequeña escala son el corazón de nuestra economía central costera. Como ex profesional en la industria de alta tecnología, personalmente comprendo los desafíos que enfrentan los empleadores y empleados.

Es un honor contar con el apoyo del Partido Demócrata de California, los Congresistas Sam Farr y Anna Eshoo, el Senador Joe Simitian, los Asambleístas Bill Monning y Luis Alejo, los Alguaciles Phil Wowak y Scott Miller, líderes respetados de negocios, profesionales de la salud y decenas de ecologistas dedicados.

Espero haberme ganado su apoyo personal y espero representarlo en la Asamblea Estatal.

Board of Supervisors

Statement of Karen Mitchoff

Occupation: Supervisor, Franklin County

My focus during my first term has been to maintain and then improve our county financial structure in order to provide vital, quality public services: public protection (police, fire, road safety) and health and human services (protection from elder and child abuse; containment of communicable disease; protection to ensure water and food safety); and safety net programs for our vulnerable citizens (pre-school; after school tutoring; computer literacy classes; funding a Veterans Services Representative). I made difficult fiscal decisions, which included having public employees pay more towards rising pension and health care costs (myself included) so that these vital programs could be delivered during the county's recovery from the worst recession in decades. Because of those decisions, we have a balanced budget with healthy reserves and the county recently regained its AAA credit rating.

These next four years require my experienced leadership to address the ongoing concern around how to provide fire protection services and emergency medical response in a continued environment of reduced fiscal resources. Additional priorities include attracting new jobs, transportation improvements to ease congestion, drought relief, and continued promotion of literacy and maintenance of libraries.

I am fighting in Sacramento to protect our main water supply, the Delta, which faces the biggest threat in 30 years. There are solutions to ensure both a healthy ecosystem and a reliable water source for all of California that don't require underground tunnels that move our water south.

I respectfully ask for your vote.
